

## SIZE GUIDE

Have a question? You've come to the right place. We have set up this section for quick and useful reference.

## HOW TO MEASURE YOURSELF

### WOMEN CLOTHING

**WAIST:** Measure around your waist at the navel

**HALF CHEST:** Measure yourself at the front from armpit to armpit at the widest point

**HIPS:** Measure around the hips at the widest point below the navel

### UNDERWEAR & SWIMWEAR

**WAIST:** Measure around your body just beneath the bust making sure the tape measure stays close to the body

**BUST:** Measure around the bust while wearing your usual bra

### MEN CLOTHING

**COLLAR:** Measure a shirt that fits you from the centre of the button to the end of the buttonhole

**SHOULDERS:** Measure the width of the shoulders at the widest point

**CHEST:** Measure yourself from armpit to armpit at the widest point

**WAIST:** Measure around your waist at the navel

# HOW WE MEASURE OUR PRODUCTS

## OUTERWEAR AND TOPS

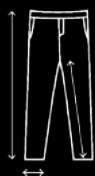

**OUTERWEAR LENGTH:** With the garment laid flat, measure the entire length of the back from the collar seam downwards.

## DRESSES

**DRESS LENGTH:** Outerwear length: With the garment laid flat, measure the entire length of the back from the collar seam downwards.

## PANT

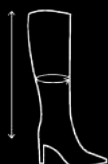

**PANT LENGTH:** With the pant leg laid flat, we measure the garment along the outside seam, from the waist to the hem, and along the inside seam, from the crotch to the hem.

## BELT

**BELT LENGTH:** If the size is not marked on the belt, measure its length from the edge of the buckle to the third hole.

## SHOES

**BOOT SHAFT HEIGHT:** Measure the shaft height from top of the boot to the heel of the foot.  
**BOOT SHAFT CIRCUMFERENCE:** Measure the shaft circumference at the calf, that is to say 25 cm / 9.8 in. from the heel of the foot. If the boot height is less than 25 cm / 9.8 in., we measure the circumference at the top of the shaft.

**HEEL HEIGHT:** Measure from the bottom of the heel to where it meets the sole.  
**HEEL HEIGHT:** Measure the platform from top to bottom at the thickest point.

## BAGS

**EYE SIZE:** Measured in mm and indicates the diameter of the lens from the bridge to the temple. For most styles, there is just one size. If the style of glasses is available in more than one size, we recommend the smaller size for narrow faces and the larger size for wider faces.

## BAGS

**HEIGHT AND WIDTH:** Measure the bag from the highest point and at the widest point, excluding the handles.  
**DEPTH:** Measure the bag at the widest point of its base.  
**LENGTH:** Measure along the edge of the handle, from one end to the other, using a measuring tape  
**HEIGHT:** Measure the handle from the highest point to the top of the bag, keeping the handles or shoulder strap taut.

## WOMEN - SHOES
